LETTER FROM FATHER TOMÁS

GROWING WITH PATIENCE

Dear friends, a parish grows through many small acts of faithfulness: a prayer offered, a meal delivered, a child encouraged, or a stranger welcomed by name.

Some efforts show results quickly. Others remain hidden for a season. Both are valuable, because love is measured not only by what we can see but also by the care with which it is given.

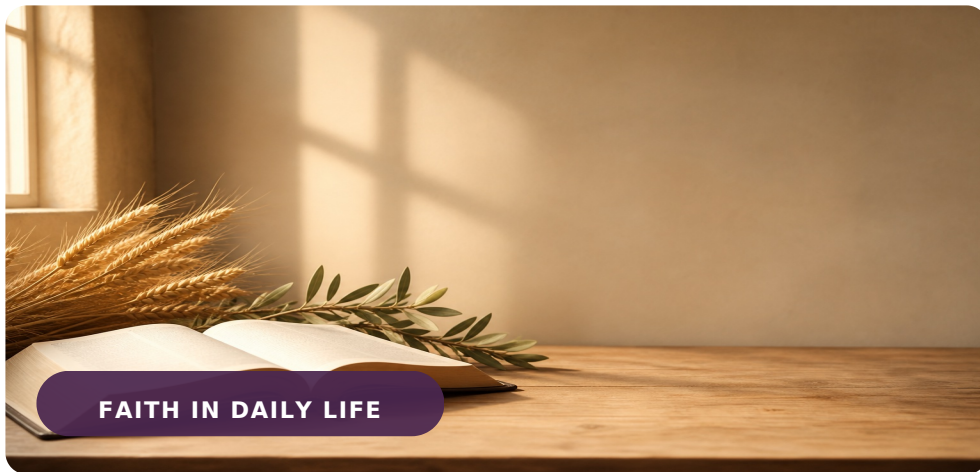

This week I invite each household to choose one quiet practice that makes room for grace: share an evening meal, make a patient phone call, or spend ten minutes in prayer.

If you are carrying a concern, please let the parish know. Our clergy, care ministers, and prayer team are ready to listen and to help you find the support you need.

Thank you to the volunteers who prepare our worship, teach our children, visit the homebound, maintain our campus, and serve neighbors through the pantry.

May our homes and ministries become places where patience takes root, hope is renewed, and every person discovers that there is room for them among us.

*With gratitude,
Fr. Tomás Herrera*

A SECOND-LANGUAGE REFLECTION

Hope Grows in Patient Hearts

A weekly reflection from the parish community

Some weeks arrive with more questions than answers. We notice unfinished work, strained relationships, and prayers that seem to move slowly. Faith does not ask us to pretend these burdens are small. It invites us to bring them into the light and to trust that grace is already active within ordinary life.

Patience is not passive. It is the steady courage to keep choosing compassion, honesty, and prayer while growth is still hidden. A kind word, a repaired mistake, or a quiet act of service may become the seed of renewal for someone we will never fully know.

“Where might one faithful, patient choice create room for hope this week?”

This week, choose one place where you can remain present instead of rushing away. Ask for wisdom, listen carefully, and take the next loving step. The result may not be immediate, but faithful attention forms us—and often changes the atmosphere around us.

FE PARA LA VIDA

REFLEXIÓN DE LA COMUNIDAD

La esperanza aprende a esperar

Una reflexión semanal para caminar juntos

Hay momentos en que quisiéramos resolver todo de inmediato. Sin embargo, la vida espiritual madura a otro ritmo. Dios nos encuentra en el proceso: en la conversación que necesita tiempo, en la decisión que exige prudencia y en la oración que todavía no encuentra palabras.

Esperar con fe no significa quedarse inmóvil. Significa actuar con amor sin exigir controlar el resultado. Cada gesto de servicio, cada disculpa sincera y cada escucha atenta prepara un lugar donde la gracia puede crecer.

La paciencia cristiana abre espacio para que el amor haga su obra.

Elige esta semana una situación que necesite atención serena. Escucha antes de responder, pide sabiduría y da el siguiente paso posible. Aunque el cambio sea pequeño, la fidelidad cotidiana puede renovar una familia y fortalecer a toda la
